

## Real Ministry, Real Difference

Saskatoon Lutheran City-Wide Stephen Ministry remains strong and active during the pandemic. While our ministry has had some challenges, we have remained active throughout this difficult time. Now, more than ever, it is a vital part of ministry and we continue to reach out and support our care receivers in these grim times. Our care givers reach out to their care receivers via telephone, face time, zoom, and some, even in person using safety guidelines.

We have just begun training a new class of Stephen Ministers. How Exciting!! This class is being trained on Zoom with brand new materials. It is not too late to join us!! The demand for Stephen Ministers continues to grow. There are many ways we make a difference in the lives of others and just knowing how to be present is at the top of the list. Through this training, many experience unexpected personal transformation and the training has a tremendous impact on those who give and receive care.

Peer supervision also continues twice monthly. We support one another in our caring journeys and participate in continuing education – through book studies and arising relevant discussion topics. Our next supervision dates are February 18, March 4 & 18.
